TABLE A. BIRTHS, BY RACE AND HISPANIC ORIGIN OF MOTHER: NEW JERSEY, PROVISIONAL 2018

MOTHER'S RACE AND HISPANIC ORIGIN	BIRTH COUNT	BIRTH RATE ⁴
All races and origins ¹	101,313	11.4
Non-Hispanic, single-race ²		
White	45,549	9.2
Black	13,863	12.1
American Indian or Alaska Native	40	4.4
Asian	11,473	13.0
Native Hawaiian or Pacific Islander ²	27	14.1
Hispanic ³	27,642	15.0

By place of residence. Figures are based on weighted data rounded to the nearest individual, so categories may not add to totals.

¹ Includes births to race and origin groups not shown separately, such as non-Hispanic multiple-race women and births with origin not stated.

² Race and Hispanic origin are reported separately on birth certificates. Persons of Hispanic origin may be of any race. Race is single race; that is, only one race was reported on the birth certificate.

³ Includes all persons of Hispanic origin of any race.

⁴ Live births per 1,000 residents. "All races and origins" rate was calculated using 2018 population estimates. Rates for individual races/ethnicities were calculated using 2017 population estimates because 2018 estimates by race/ethnicity are not yet available as of 5/15/19.
